When logging into your courses, you need to make sure your browser is compatible with the D2L environment. To do this, go to the address given to you. Once you are at your main page, click on *click here for system check*. You will be checked in 4 key areas; Java Script, Browser, Cookies, and Display. If you fail one of these checks, you will be given instruction on how to fix these checks. Please make sure that you have 4 checkmarks ensuring your compatibility.
